

## Iron County Register

Entered in the Post Office at Ironton, Mo., as Second-Class Matter.

E. D. AKE : EDITOR.

VOLUME XLVI. NUMBER 3.

IRONTON, MISSOURI.

THURSDAY - MAR. 6, 1913.

### ANNOUNCEMENTS.

We are authorized to announce ROBERT A. RASCHE as a candidate for Mayor of the city of Ironton, Missouri, subject to the action of the voters at the city election to be held in said city, on Tuesday, April 1, 1913.

### LOCAL BREVITIES.

Easter, March 23d.  
Brown has a new ad.  
March came in like a lion.  
"It pays to buy at Brown's."

Train No. 4 way late nearly every day.

City and school election in four weeks.

Measles are epidemic in Bellevue valley.

The spring bonnet is due early this season.

The Lopez Store reports a very satisfactory clearing sale.

Read the new advertisement of the Lopez Store Company.

Mine host Kanouse is building a kitchen at the Valley Inn.

The early gardens have not progressed greatly the past week.

But little business and only a few trains on the railroad these days.

A central depot and summer hotel were but dreams of the long ago.

Special music at the picture show Thursday night—violin and piano.

Crawford county votes on local option, March 17th, St. Patrick's day.

The city council met Monday night and enacted a number of ordinances.

Eggs have been selling for fifteen cents a dozen the past week. Unusual.

March 5th—a glorious day, after the the Democratic inauguration at Washington.

Teachers' examinations in the Ironton school house, Friday and Saturday next.

Dr. Hafner, the ophthalmologist, is in Ironton this week. See him about your eyes.

The hub factory resumed operations again last week after being shut down several days.

County court will meet in adjourned session next Monday to settle with the Collector.

Try our One-pound Fresh Churned Butter, 30 cents. JERSEYDALE DAIRY Co., phone 54.

If we have no killing frost later in the season the outlook is good for a bumper fruit crop.

The foundation is being built for Mayor Rasche's new residence and store house in the north end.

FOR SALE—Large team aged mules, at a bargain. Apply to R. L. Carty, three miles west of Ironton, Mo.

Why can't we have an electric light put on the bridge between Ironton and Arcadia? It is badly needed.

Mr. Christian Osterle of Middlebrook celebrated the 76th anniversary of his birth, Sunday, February 23d.

Frank R. Hotson has the contract for putting in a basement under the Presbyterian church. Work will begin at once.

M. Nichols has leased the Barnhouse store building, south of the square, and will again engage in the mercantile business in Ironton.

Mr. W. R. Allen, Jr., of Graniteville, we understand, will engage in the lumber business in Oklahoma with his father-in-law, Mr. York.

FOR RENT—Keeling House. For particulars write

Mrs. A. B. McKISSIN, Hoxie, Arkansas.

The whistle formerly used at the ice plant in Arcadia has been transferred to the Ironton Flour Mill and its claxon is heard morning, noon and night.

There will be a Silver Social at the home of Mrs. A. Peary, Friday, March 7th, 1913, for the benefit of the Presbyterian Basement Fund. Everybody invited.

Reyburn Gordon in Squire Rasche's court last Friday pleaded guilty to the charge of making a common assault on Miss Beatrice Tims and was fined \$10 and costs.

J. H. Haven, we understand, will cut the cord wood off the 1180 acres of land which A. J. Sheahan of Graniteville has bought from the Iron Mountain Company.

There will be a meeting of the Business Men's League in the office of President Trauernicht in the Academy of Music, Friday evening, March 7th, at 7:30 o'clock.

Prominent type Fall Blood Barred Rock chickens and Indian Runner Ducks. Best in the county. Taking orders for eggs now, to be delivered when wanted. STARK FARM, Arcadia, Mo.

In addition to the demonstration farm recently established at Arcadia the Iron Mountain railroad has similar farms at Glenmore, La. Men Rouge, La., Dermott, Ark., Conway, Ark., and Hope, Arkansas.

Miss Minnie Fisher has been in St. Louis the past three weeks, familiarizing herself with the new styles in millinery. Assisted by Mr. Lopez, she will select the new stock for Lopez Store Co., this week.

Len Sutton is home from Alabama, where he has been employed the past two months helping install a screen factory. He may return to Alabama later to work in a screen factory of which Ed Cain will have charge.

F. Boeschenschnetz, at Middlebrook, we understand, has harvested quite a supply of ice this winter. In the valley but little ice has been garnered and we will have to depend chiefly on importation for next summer's supply.

A. J. Sheahan, of Graniteville, is in St. Louis this week to get the deed from the Iron Mountain Company to the granite lands which he purchased a couple of weeks since. The Syenite Company has until May 1st to vacate the premises.

Prof. B. W. Loomis tells us that he will again pursue his studies in the State University at Columbia during the summer vacation. Prof. Loomis is certainly an enthusiast in his work, and we predict for him great distinction in his profession.

We had quite a snow storm last Friday afternoon and night and Saturday morning there were three or four inches of the "beautiful." Most of it disappeared that day, however, but Saturday night it got cold again and the thermometer went down to 6.

Anything in the way of plumbing may be safely entrusted to J. C. Enders. He is a good machinist and painstaking. If you need a pump, a bath-tub, a kitchen sink or lavatory, call on him. Engines and machinery of all kinds repaired and adjusted.

Born—To Mr. and Mrs. J. E. Wilson, 2518 East Union Avenue, St. Louis, Mo., Monday, March 3, 1913, a fine, big girl. Weighs 12 lbs. Mother and child doing fine. Papa is as happy as a lark, and grandma Williams—well, the smile simply won't wear off. X.

Frank Schulte, an old and highly respected citizen of Madison county, died at his home in Fredericktown Tuesday of last week at the age of 71 years. His widow, who was formerly Miss Amanda Miller, and lived in Ironton and Pilot Knob many years, survives him.

Measles are said to be prevalent in Lesterville and vicinity around and as a result it has been requested that the County Board of Health quarantine those so afflicted. The matter will be referred to the County Court when it meets next week.—Centerville Outlook.

Says the Bismarck correspondent of the Farmington News: "James Dobbin, of Lesterville, was here Monday trying to locate a plant for the manufacture of wire fence stretchers. The encouragement he received was not sufficient, so the plant was located at Ironton."

Mr. Harris, the harness man, the other day showed us a very fine set of double harness that he had just completed. There are 35 lbs. of leather in the harness and the workmanship is the best. Mr. Harris is a skilled hand; if you need anything in his line he can please you.

John Thurman, who died at Graniteville, February 23d, had a \$1,000 policy in the Modern Woodmen. The deceased was about 26 years of age and had been a member of the Woodmen Little more than three years. The total cost of his insurance had been less than \$30.

Mr. August Rieko went to St. Louis last Friday to meet his nephew, Wm. Rieko, who has just arrived from Germany. The young man is 26 years of age and has just completed his military service in the German army. If he likes this country he will probably become a citizen.

Fiat River correspondence in Farmington News: "C. R. Bramblet left Wednesday for a short business trip to Cape Girardeau county. Enroute back he will stop at Arcadia to accompany home Mrs. Bramblet and little daughter who have been visiting there the past ten days."

Although he has had all kinds of bad luck, Mr. James Sewell, of St. James, Mo., the contractor who is drilling the well on Arcadia Heights, is not discouraged and says he is going to get a bountiful supply of water. We certainly hope he will. The well is now over 200 feet deep and dry—very dry.

Dr. Martin, our representative, was home from Jefferson City last week bringing with him Mrs. Martin, who underwent an operation in the Deaconess' Hospital, St. Louis about a month since. Mrs. Martin is still very weak, but is improving. Dr. Martin returned to Jefferson the last of the week.

FOR SALE—A \$7,500 General mercantile business for \$6,000 if taken before April 1st, 1913. One-half cash and one-half on easy terms. No encumbrance. A snap for the right man. In good farming country and near the mines. Best reasons for selling. For particulars address Box 48, Clearwater, Idaho.

The Syenite Granite Company has concluded not to sell its machinery at Graniteville at the present time, but will store it at Middlebrook and make future disposition of it. The stock of merchandise and all the buildings, however, are for sale cheap. If you are interested do not fail to investigate.

A lack of funds may shorten the school term in the Ironton district one month the present school year. If any legal way can be devised, however, the schools will be kept open the full nine months. The board has been to considerable expense the past year or two, and the levy has not been sufficient to meet all obligations. The furnace was put in at a cost of \$940 and \$180 have been paid for walks. This, with the usual running expenses, has created a deficit.

R. T. White last Wednesday bought from Joseph Madlinger the fifty feet of ground and the building just north of the telephone exchange on Main street. Price, \$1230. It is the old Begley home and half of the ground belonging thereto. Mr. Madlinger retains fifty feet on the north side of the house.

A letter from a former Ironton boy, Geo. W. Hughes, son of Mrs. M. E. Hughes, apprises us that he is now located in Los Angeles, California. He is associated with the Merrow Realty Company, in Los Angeles, and would be glad to have any of his Missouri friends who visit the Golden State, look him up.

Recorder Hawkins has issued the following marriage licenses the past week:

Walter Chilton and Lina King of Brumot.

Ernest Bates and Iva Hall of Graniteville.

John Marts and Mrs. Lula B. B. of Silver Mines.

There appears to be no scarcity of men out at Mine La Motte nor at the Federal either at this time. Men are coming in every day and report work in the Lead Belt as hard to get, being five men for every job. It is reported that the smelter at Herculaneum has laid off a good many men lately.—Fredericktown Democrat-News.

Judge W. N. Evans came home last Saturday night from Iron county, where he held a special term of court for Judge E. M. Dearing. He left Tuesday for Kennett to hold court for Judge Walker and try a former bank cashier of Campbell for receiving deposits when the bank was in an insolvent condition condition.—West Plains Gazette.

A proposition to increase the tax levy in the Ironton School District 15 cents on the hundred dollars' valuation will probably be submitted to the voters of the district at the election in April. The present levy is 40 cents; the proposition is to increase to 55 cents. It is stated that the additional tax is necessary to run the school as at present conducted.

At its meeting Monday night the city council concluded to submit a proposition to the voters at the election in April taking into the corporation quite a lot of territory west and south of the present city limits. It is proposed to take in the property of F. Mullin, C. J. Newman and Mrs. Hills, on the west and the places of Dr. Marshall, the Emerson home and T. D. Jones' on the south.

Judge Byrd Duncan, accompanied by Mr. and Mrs. James Johnston, are enjoying a delightful sojourn at Miami, Fla., and making frequent short excursions into the beautiful country surrounding that place. It is likely they will make a journey to Havana, Cuba, and probably spend several days touring that island. They expected to be absent about one month.—Poplar Bluff Republican.

The attention of the ladies is directed to an article taken from a recent issue of the Post-Dispatch telling of things in the millinery world. The article in question has much to say of Ora One, the world famous designer and trimmer, who trimmed two hats for Mrs. Woodside on her recent visit to St. Louis. These hats will be on exhibition at Mrs. Woodside's spring opening which will occur soon.

Dr. H. P. Reed, of Stanley McCormick College, North Carolina, was elected President of Marvin College, Fredericktown last week. Dr. Reed succeeds Dr. C. M. Gray, who resigns after ten years' work. Dr. Gray's resignation goes into effect in June when his successor takes charge. The new president is an A. B. from Wesleyan College, Kentucky, a D. D. from Vanderbilt and an A. M. from Chicago University.

T. R. Douglas, Secretary of the Missouri State Corn Growers' Association, writes Mr. George Stark, owner of the Stark Farm, at Arcadia: "Your peck of cowpeas won the World's Championship at the National Corn Exposition." Mr. Stark, naturally, feels very much elated over winning the world's championship. We congratulate him. He tells us that he can not begin to fill the orders for cowpeas that are now pouring in on him.

Jas. Webb of St. Louis was an Ironton visitor last Friday. Mr. Webb recently traded his residence in St. Louis for a farm near Murphysboro, Illinois. He intends to make his home on the farm and expects to remove thereto this week. Because of ill health Mr. Webb has not been on his run as passenger conductor on the Iron Mountain since last June. He is much improved now, though, and expects to go to work soon.

There will be five eclipses during the year 1913—two of the moon and three of the sun. The first eclipse will be of the moon on March 23d, visible in North America. On April 6th there will be a partial eclipse of the sun, visible in the northwestern part of America. On August 31st, a partial eclipse of the sun, not visible in America except in the northeast part. On September 30th, a partial eclipse of the sun, not visible to America.

"Anne of Old Salem," by the Ironton High School at the Academy of Music last Friday night was a very creditable production and the teachers and pupils, alike, were accorded much praise on the success attending their efforts. The Ozarks Cornet Band furnished music for the occasion and a number of well rendered selections were heartily applauded. Notwithstanding a snow storm was raging outside, the house was filled and the receipts were about \$50.

We note that Messrs. Reese & Warner of Annapolis have purchased all the timbered land owned by the London Realty Company, lying along Big Black River in this county. We are informed that these gentlemen will put several saw mills on the tract in the near future and the lumber will be loaded on the cars at Annapolis. This land has some fine white and black oak timber on it, but the greater part of the pine timber has already been cut.—Centerville Outlook.

Geo. K. Williams, of Farmington, has optioned the D. F. Yeargain, and Eaton and Eversole tracts of land near Ironton. The last named tract has repeatedly been reported a rich lead mine, and only awaits complete development. With the deal consummated and the National Lead Co., holding the large Big River tract the diamond drill whistle and purr of machinery will be as familiar to the present generation as the Satanic command of the ox driver was to our grandparents.—Lead Belt News.

The REGISTER this week publishes the announcement of Mr. Robert A. Rasche as a candidate to succeed himself as Mayor of the city of Ironton at the city election in April. Mr. Rasche has held this office the past five years and has unquestionably proven himself a painstaking and competent official, and his administration has been a credit to him and a source of satisfaction to his many friends. Should he again be honored the city is assured of the same conscientious discharge of his duty that has characterized his service in the past.

The Social Club held its regular meeting Tuesday afternoon of last week, with Mrs. T. B. Pruitt. A delightful feature of the afternoon's enjoyment was at roll call, each member responded with a quotation or recitation in honor of George Washington.

Mrs. Fletcher gave his biography, Mrs. Bishop read a description of his marriage, Mrs. Mitchell read a letter addressed to his wife twenty-six years after their marriage, all of which were very interesting. A delicious luncheon was served. Cherries predominated in last course. Mrs. Wm. Trauernicht will be the next hostess, March 11, 1913.

The fourth annual banquet of the Greenhouse Club was held at Hotel de Finimore Tuesday evening, President Edward Quinn in the chair of honor and Toastmaster Sheerin presiding. Telegrams expressing their regrets at not being able to attend the banquet were read from President William H. Taft, Woodrow Wilson, President-elect, ex-President Theodore Roosevelt, Congressman Richard Barthold and Miss Helen Gould (now Mrs. Finley Shepard) all of whom received invitations. . . . A vote of thanks was tendered to the hostess, Mrs. Finimore, for her hospitality and consideration, and the best bunch of good fellows on earth adjourned all longing for the next meeting which will be the annual outing sometime while the roses are in bloom.—Maplewood News.

A jury in Justice Rasche's court Tuesday afternoon found Hobart Littrell, a lad 17 years of age who lives in Pilot Knob, guilty of appropriating to his own use a coat belonging to Lige Linson, and fined him a dollar and costs. Last Thursday Littrell went to Linson's home in Pilot Knob and told a girl in the house to let him have a coat belonging to Linson, that Linson had said he would loan it to him. The girl gave Littrell the coat and he went on his way. When Linson arrived at home and was told of the affair he denied that he had agreed to loan the coat to Littrell. Saturday Linson made complaint before Prosecuting Attorney Damron and a warrant was issued. Littrell was arrested at Des Arc that night by Constable Ben Blanton and brought to Ironton next day. In the trial the defendant insisted that Linson had said he could have the coat. Fine and cost amount to \$30.30. Not having the cash necessary to liquidate, Littrell will spend several weeks in jail.

Members of the Railroad Y. M. C. A. situated in Poplar Bluff participated heartily in the contribution of money which was used to purchase a lovely present for the former Miss Helen Gould, now Mrs. Finley J. Shepard. Each gave from 25 cents to \$1.00, the total amount contributed by Y. M. C. A. railroad members for the gift being \$500. Poplar Bluff's membership gave \$25 of this sum. The present which this \$500 purchased is a magnificent jewel case fashioned into an exact reproduction of Mrs. Shepard's private car, which was used by her father, Jay Gould, when he traveled about this section of country as the head of the Gould system.

She visited Poplar Bluff last year in this same private car, which is one of the most comfortable, most perfectly equipped and best maintained in the railroad service. No berth are in this car, real beds being used for the travelers' repose in nice bed rooms, which connect with a reception room, dining room and observation compartment. The gift is made of solid silver, mounted on solid silver rails upon which are embossed the initials of each railroad included in the Gould system, which includes the Missouri Pacific-Iron Mountain Denver and Rio Grande, Wabash, Texas and Pacific and the International and Great Northern lines. The top of the car is fastened to the body by hinges, which permit of it being opened. The inside is exquisite and is designed to hold the jewels of the bride. It contains a secret lock. In addition to this car replica, which was manufactured by the Mermod, Jacquard and King Jewelry Co., of St. Louis, a morocco bound

volume was sent to the bride. This volume has a page devoted to each Y. M. C. A. and on the pages are the names of the membership of each with the occupation of each person in his connection with the various railroads. These splendid gifts were sent by conductors, brakemen, engineers, firemen, switchmen, baggage men and all others connected with the system and also having membership with the railroad Y. M. C. A., and are testimonials of the love and high regard in which the former Miss Gould is held by employees of the great transportation system.—Poplar Bluff Republican.

Who can save you money? We can. "We can save you money."

B. N. BROWN.

### PERSONAL.

H. B. Jones was a St. Louis visitor last week.

B. Jordan of Sabula was an Ironton visitor Monday.

A. L. Heaton of Chloride was a caller last Thursday.

Mrs. Lem Curtis and children visited in St. Louis last week.

Miss Marian O'Neal of Frankelay was an Ironton visitor last week.

Mrs. C. P. Damron and little daughter, Catharine, went to St. Louis Friday.

Wm. Trauernicht is talking of making a trip to Hot Springs next month.

Arthur Huff made a trip to St. Louis Friday.

Mrs. T. Pigg of Farmington visited her husband in Ironton several days last week.

Miss Annie Kath of Pilot Knob is visiting Dr. C. L. Blanks and family at Mexico, Mo.

W. H. Webb, of Bixby returned to his home this week after spending a month in St. Louis.

Wm. H. Lee, President of the Merchants-Laclede National Bank, St. Louis, was a visitor to Ironton Sunday.

A. V. Polak is attending a state meeting of County Judges and Highway Engineers in St. Louis this week.

Prof. H. C. Johnson, in charge of the Moothart Business College at De Soto, was an Ironton visitor Saturday.

Mr. and Mrs. S. P. Ringo will take their baby boy, Arthur Herbert, to St. Louis next week to have a surgical operation performed on him. The little fellow has an abnormal growth in the nostrils, but the operation is said not to be a serious one.

Just received a large car of Wire Fencing, Barb Wire, Staples and Nails. This car was contracted for last fall, before there was any advance in price. We are selling at the former low price, which simply means better fence for less money than you can get elsewhere.

LOPEZ STORE CO.

Wanted—Hens and ducks; 11 cents a pound paid for hens and 12 cents a pound for ducks. C. D. Alexander, next to C. D. Alexander's Park, Ironton Mo.

### Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

### School Notes.

The high school play, "Anne of Old Salem," given at the Academy of Music, Friday night, was a great success. The audience was highly pleased with the appearance of the children in the various casts. The enthusiasm and zest they showed in the various parts was reflected by the audience. The Chorus, the Town Band, and the Solo by Miss Coddling were well received and heartily applauded. The special interlude, entitled "Romeo and Juliet," inserted between the second and third acts, especially appealed to the children. Total receipts for ticket sales, \$50.10, with expenses about \$16. The program was as follows:

Selection by the Ozarks Band.  
Chorus—"Trip Along," High School.  
Act 1 "Anne of Old Salem."  
Solo, Miss Laura Coddling.  
Act 2 "Anne of Old Salem."  
Special—"Romeo and Juliet," J. Buskirk and Fred Fisher.  
Act 3 "Anne of Old Salem."

Truth) single thought." (V. London  
Peace Atkins . . . Azile Marr  
Phyllis, a visitor . . . Lucille Farrar  
Ruth, the Quaker . . . Mary Prince

Room 4 will be dismissed Friday of  
this week on account of the teachers'  
examination, which will be held in the  
same.

The organ in the primary room at  
Ironton was transferred to Arcadia  
this week. The remaining seats in the  
vacant room at Arcadia have been  
brought to Ironton to relieve congest-

ed conditions in the high school class  
room and grades.

A Pretty Art Calendar.

We have just received from The  
Farmers' Review, Chicago, Ill., their  
Art Panel Calendar for 1913. It  
measures 3 feet in length by 7½ inches  
in width and is lithographed in 14 ex-

quisite colors and gold. The title is  
"The Mother and Child." Mere words  
cannot begin to do justice to the re-

markable beauty of this charming  
work of art. It must be seen to be  
appreciated. By sending 10 cents  
(coin or stamps) to the above address  
this handsome painting will be sent  
you postpaid. If you are interested  
in farming also ask the publishers to  
send you a free sample copy of their  
paper.
